Hey, joining group at bowling alley after the AB Tech event.

Fine to pick [redacted] up at AMF Bowling on Kenilworth, if that works for all concerned.

I think eating between 4-5ish sounds right. I now have to go to raleigh so matt will pick her up. Better to pick her up at abtech or your house ? I've copied him so y'all can deal tomorrow.
Thx

Perfect!!!

So, I'll pick [redacted] up at 4pm at Asheville High, tomorrow.

If you decide to go to the event, let me know so we can hold you a seat with us.

Will we eat between 4-5ish? Â

If not, we can take a walk and I'll eat before picking [redacted] up.Â

It's important for me to know when I'm planning to eat. Y'all understand.

See you tomorrow.

Aubra,

[redacted] would like to attend. Happy birthday!Â She finishes school at 3:30. Could you pick her up at 4:00 from school(avoiding major traffic) and just let her hang with you. I can get her at a tech after the program.(I might attend too)

If you can't we will work it out, but I thought it might give you time to be with each other.

Thx for askingÂ

Would [redacted] be interested in attending this event Friday evening?Â

If remotely interested, we can talk. If too tired, I totally get it.Â

But please let me know because this is my birthday and I will make other plans if not a go.

Context:
This young woman climbed the South Carolina statehouse flagpole to take down the Confederate flag, while the Tyson son provided ground protection.

She was UNINVITED from a scheduled appearance at asheville middle school without explanation. The organizer sought explanation from asheville city schools meeting on Monday night. Still no answer.

Great seeing y'all!
