Principal Dockery,

I may not know the whole story but I have learned from friends that apparently Bree Newsome's invitation to speak at your school was rescinded. My wife and sons heard Bree at a local conference a couple of years ago, and were moved by her witness. As a local faith leader who works with teenagers (many whom attend your fine school), I would hope that you would consider allowing Bree to speak to the students there.Â

Thanks for considering my perspective.

Sincerely,
Rev. Michael Poulos
