Ms. Thublin, I find the combination of these events in a single email abhorrent. What you have outlined as the events regarding "a guest speaker" being scheduled, then canceled, a replacement being arranged, and then cancelled, is unnecessary commentary for this email. If Asheville City Schools was remorse in canceling Bree Newsome, then that should be the statement you are sharing tonight with the parents of students of Asheville City Schools. If ACS board wants to table this matter for further review, then just state that. In regards to the events involving Ms. Lambreth and her family, I find callous that you tie this terrible accident into the commentary Asheville City Schools has regarding its guest speakers. The timing of your email comes out as many families are getting together tonight, supporting their children, and readying our heavy hearts, preparing to attend the vigil this evening at Asheville Middle School. Please forward this onto the superintendent, the school board, your supervisor. Annie Hawes
