Attachments: Listening Session release Final (1).pdf

Folks, I want to invite you to come to a public meeting about the new Dogwood Health Trust--where the organizers are hoping to get as much community participation as possible--to show the force of this community and get a few voices heard before the whole make-up of the new hospital foundation board is a done deal! I hope you will spread the word with your networks. It would be great to have a large turnout and turn the process upside down! Thank you. Jane
