Subject: Buses leaving early

Ken, sorry to send this to you but I'm not sure where to send issues now.

I was at the transit center when the W1 arrived at 9:51. The riders on the bus told me that the E1 had already left for its 10pm route. The driver for the W1 attempted to leave at 9:59, and I alerted him not to leave early, that it's the last run of the night and that I'd been left before.

I will be asking about early departures at the next TC meeting. Please let me know the best email contact for sending concerns. That may well be Joe or Jessica.

Kim
