Subject: requesting info on zoning by lot

Vaidila,

I hope your week is going well!

A neighbor on Waynesville approached me with questions about lot zoning after getting the attached letter. I've tried to look for zoning by lot to help her understand the process, but can't seem to figure out how to look up zoning for specific addresses. If you can point me in the right direction when you have a moment, that'd be great!

Kim
