Hi Adam,

I'd be happy to discuss Code for Asheville. I am CC'ing my co-captain, Eric Jackson on this reply. I'd recommend speaking with both of us as we both run the group as a volunteer community effort, but he is also the Systems Architect at the city and has a unique perspective as an employee of local government (he was heavily involved with the group before he began his employment at the city).

When are you available?

Thanks!

Jesse Michel
