Good morning friends,
Here is the event location: Ab-Tech.

We have a room reserved in the new Ferguson Hall, 441. This is the same facility where Bree Newsome/American's Who Tell the Truth will present. A special thanks to Stephanie for getting the space booked! I'll order dinner from Panera Bread today. Lastly, can we get 3 volunteers to get to the space early, I won't arrive until right at 6pm from Winston Salem. So excited to see everyone!

Good evening Friends,

I hope all is well. I'm looking forward to seeing everyone on Friday, September 29th at 6pm-9pm. I have to offer my apologies for scheduling our meeting at the same time as another important event at AB-Tech. I am working with Stephanie to try to identify space at AB Tech for our meeting so that folks can toggle back and forth. Look for more details by Wednesday.

Instructions:

Each of you should have received two emails from Submittable for a total of 16 Applications. You have probably noted that 7 of the 16 are in Spanish. Carolina has been working diligently this weekend to organize these videos by categories and to translate 2 of the 7 that provided a written application along with their video. Please see her spreadsheet here with notes to assist us: [spreadsheet of the applications](#). Thank you Carolina! Please note that one of the two written applications is completed. The link to the translated application is in the spreadsheet. When the second one has been translated she will add the link.

Additionally we will have Jackie on site to help us with interpreter support, similar to last year so that we can listen to the video's in real time. I will reach out to Sekou this week to get his assistance with downloading so the won't encounter the same streaming situation this year as last year (teachable moment).

Ranking & Scoring:

Based upon the video's and length, we will need about 1.5-2 hours for the Spanish Video's. Each CoThinkk member should rank them before we move to the next (I will collect). I will keep track using a google document that only I can see. Each CoThinkk member should review and rank all English version applications prior to the meeting.

Process:

We will break around 7:45pm so that I can tally the remaining grants. We will then come back together by 8:15pm to look at the results and make our final decisions regarding funding before the night concludes at 9pm.

Thank You Visits:

We will need volunteers to contact the final awardees to do a thank you visit. We need to get confirmation of their agreement and desire to participate in the leadership series. Volunteers will be assigned at the meeting.

Tipping Point & Grace Covenant Mission Grants:

I will send a note to all applicants about these additional funding opportunities given the fact that we only have enough funding for 8 applicants. Each application is very short. I will invite folks to participate in a 1 hour zoom call next Monday in to answer questions regarding the Tipping Point Grant and GCM Grants. We will also need some volunteers from the CoThinkk team to assist in editing etc. for those who need further assistance. Carolina we will have to figure out the translation/interpreter support.

I appreciate everyone's hard work on this!! This would not be possible without all of you. If you haven't RSVP'd please do..I had to add

additional tickets because it sold out this weekend. I will be coming in from Winston and will arrive right at 6pm. Stephanie has agreed to be apart of the set up crew, any additional help is greatly appreciated. Take care.

Thanks,
Tracey
