Subject: Downtown Commission Parking & Transportation Committee Agenda 6.05.18
Attachments: Agenda - Parking & Transportation Subcommittee 6.05.18.docx

---

All ~

We meet tomorrow. 5th floor of City Hall. 11:00am - 12:00pm.

A light agenda this month. This should grant us ample time to talk about the next steps this committee would like to take.

Since our inception 1 year ago, we have tackled the gravel lot ordinance, evaluated the Roll Park product, created and fulfilled the parking crawl, worked with others on the downtown census, identified loading zone stakeholders, helped with the draft policy paper for downtown parking solutions, worked to advise Council on budget issues related to long term parking strategies, pushed on efforts to compile the parking deck availability for both county and city decks on one platform, pushed for digital signage of vacancies for the Civic Center deck, reviewed and critiqued the biannual traffic count reporting and tool, monitored smart meter implementation, discussed preferential parking rates for locals, secured 3,000 one hour free passes for Love Local Week....

Not bad for our first year.

How will year 2 look?
