Subject: RE: Asheville Strive Planners' Follow-up [Input Requested]

Hi there. Please take a moment to mark your availability for a Strive follow-up meeting. Call-ins will be welcomed, if it helps to free up your availability. In addition to debriefing from this year's events, we'll define some mid-year goals for Strive to take on.

https://doodle.com/poll/8iamhp4824g2fm6i

Thanks!
Ritchie

Subject: Asheville Strive Planners' Follow-up [Input Requested]

Hi everyone,

You did it! If you are getting this email, I'm telling you that **you were an active part of Strive's success in 2018**. Not only did you help plan and pull off a full week of innovative events, but you also supported Strive through a pivot that will help it touch more lives with a positive message of safe and active streets for all neighbors, for years to come.

THANK YOU!! Now, let's keep that momentum rolling…

So now a few things will happen:
-**Early next week you'll get a follow-up survey.** It won't be long, it will be anonymous, and I will ask you to be honest and direct in your assessment of a few key areas critical to Strive's future success.
-Based off of the Doodle poll linked below, **we'll have a follow-up discussion** to map out improvements to Strive and establish a start-date and cadence for planning Asheville's 2019 Strive Week.
-You're invited to join a working group that will meet quarterly (at minimum) to tackle one or two achievable goals toward local and regional sustainable/active transportation
Sign Up Here: **http://www.strivenottodrive.org/join-up/**

PLEASE TAKE POLL: https://doodle.com/poll/8iamhp4824g2fm6i

Technically I'm on vacation this week, but I couldn't fully vacate from Strive before telling you that I appreciate your time, creativity, and sweat. Thanks again, and talk soon!
