Thanks Kim. Yes, very busy. I took a week off for vacation and now I feel like I'm drowning in emails.

I would like to get together with you at some point to talk about a few things. Would you like to grab coffee one day soon? Is there a day of the week that is usually better for your schedule?

spread the word. The head architect will be at the August Transit Committee Meeting as well, which is a few days before the meeting at the ART Station, so that will give you the opportunity to discuss all of this before the public meeting. Please let me know if you have any questions. Thanks!
