Subject: Re: MMTC Retreat

Hi all!Â Trying to figure out the structure for this to keep up on task.Â Here is a very rough draft of a process.Â Let me know your thoughts.Â If you think I am on track, I'll clean it up, add more details and also craft some decision filters for what could land on the actions list (or someone else could tackle that). I'm open to suggestions.

I'm not sure how best to approach this except perhaps to open the topic generally as a goal to support the implementation of the Comp Plan and for the separate sub-committees to focus on what they most want to see realized.Â Â
