Dear Ms. Klipp-Nicholson,

I left you a voice message but thought email might better serve us.

I am looking for information on the FJC and how all of the collaborating agencies coordinate services. I need a primer on how it all works and how it is funded.

Also, the sheriff's office states that they follow the FJS model for dealing with domestic violence calls. So far they have not provided any information on what that means or any statistics showing their use and/or success with the model. Anything you can share with me about that will be most useful.

Thank you very much.

Kind regards,
Diana Starr
