Good morning Joslyn,

Your email of last week has bounced from Amy in permitting over to me.Â I'm attaching an amendment form to this email.Â Fill it out, remembering to include your permit # of 17-09705 at the top and include the revised form.Â The permit (luckily for once) is late getting issued because of the short week and minimal staff, but it means you can amend without any additional fees as it's not processed yet.Â You can email this directly to Grainne at gmiser@ashevillenc.gov.Â It will save you a trip into the office.

Respectfully,

Anne Graham
