---

Good Morning,

The attached spreadsheet shows all cross-county contests for the upcoming November election. There is a cross-county contest pivot, a cross-county by county pivot, a cross-county list and a list of all contests for the November 7<sup>th</sup> election event. Please review the contest information under the blue and green tabs and let us know if any of your county's cross-county contests are missing.

If all is good, no need to respond. At 2:00 p.m. today, SBOE staff will be importing your final L&A ASCIIs into Election Reporting for a final check before we zero everything out. Please do not log into your Election Reporting this afternoon. You are welcome to review the internal election results display between 2:00 p.m. and 5:00 p.m. today. If you observe an issue, please let us know. Once we zero-out your election reporting, you should not make any additional changes to Election Reporting or ERM.

Thanks,  
Veronica
