Mary Pope,

Apologies you received this email. You along with other custodians received this message in error when IT was updating our system.

Thanks,

Meredith

Meredith- Derrick Weaver said he provided the following information to you- just wondering why I continue to receive the public records request for this same information.

Mary Pope,

Below is what I sent Meredith, maybe she's looking for something more. You might need to call her about the latest email unless you can think of something more to add to what I've sent.

Derrick G. Weaver, P.E.

Meredith,

My understanding is that the tenant of this property is interested in the historic eligibility of this property. I doubt you will find anything specific to the address and suggest you look for the requestors name as a search term. See also page 57 of attached report, the map shows this property described but it's not highlighted, meaning it was not considered historic.

Derrick,

Please see below the public records request. As custodian will you please provide the email addresses of individuals involved in this project or who would have communicated regarding this project and any search terms that would be relevant such as the project number/name, building name, etc.? We appreciate your help.

Thanks,

Meredith
