Oh my goodness! Rusty, I just found this email in my old unread emails. I'm so SORRY. I'm usually very responsive, but I don't think I responded to you previously? If you still want information, let me know. I'd be happy to talk! - Teresa

Message:

I'm the director for the Jackson County Parks and Recreation Department in Cullowhee, North Carolina and we are in the process of looking into finding some firms to perform a feasibility and economics impact study for an indoor pool at our recreation center here in Cullowhee or at centrally located spot in Jackson County. Could you please give me a call or email me at your earliest convenience. 1-828-293-3053

Good Afternoon Teresa:  
Not a problem. I would like to get some information still about the possibility of getting a study done. The County Manager is interested in figures about not only building a pool but the ongoing cost of one. At your convenience could you either email or call me.
