Rusty,

Have you been able to identify any firms that design pools that might be able to talk with about performing a needs assessment and providing some information on construction costs and operating costs? I know the folks in the southern end of the county are starting to talk with Commissioners about their need for an indoor pool. I would like to get his assessment started so we could possibly be ready to seriously discuss the issue as part of the FY 15-16 budget process.

Thanks

Chuck

Chuck:

Sorry I missed your call. I have contact two firms and are awaiting their return call. Both firms are in the Midwest of the US. Counsilman-Husaker/CDM Smith Inc out of St. Louis MO is the firm that is working on Buncombe County's Indoor facility and Green Play LLC is out of Louisville, CO, I found through the internet. LuAnn Bryann our state Recreation Resources Service consultant is working on finding me some more local firms that wouldn't cost so much to come here. I would like to contact at least 4 so we could get some competitive prices.
