Rusty and Don,

I could not recall who we are supposed to send questions. Attached are my suggestions.

Zip code question could be radio button formatted similarly to other screenshots I have attached.

Ron

* 1. Do you support building an indoor pool in Jackson County?

☐ Yes

☐ No

* 2. If constructing an indoor pool required a small tax increase, do you support putting the indoor pool and tax increase to a public vote?

☐ Yes

☐ No

4. If constructing an indoor pool at an existing county facility saves millions of dollars, should an existing county site be given preference over other potential sites?

☐ Yes

☐ No

As you are aware the Board want to conduct a survey. Have Michael go over his notes of the meeting with you. I gave the Board the following approximate timeline:

- April 9 Work Session – Present rough draft of survey and methods of distribution
- April – May : Conduct survey
- June Work Session – Present results of survey to Board.

I got mixed messages from the Board on whether or not to conduct community meetings.

Please immediately start putting together a rough draft of a potential survey. This survey should relate to an indoor pool only. The following are some of the ideas on the survey that I took from the meeting:

- Re-word the taxation question from the last survey – Ron’s suggestion in other email is pretty close
- Make sure all ages are appropriately represented
- Find out if they own property – if they pay taxes
- Make sure outlying communities are better represented

So please bring a rough draft survey or at least some sample questions. We also need to discuss distribution methods. We need to have the Board approve off at April 9 work session meeting.

Don
