Mr. Ellis,

Thank you for reaching out to us. We can certainly help you with a study for your new indoor pool. Do you have time tomorrow to have a quick phone call so we can discuss the details of the required scope? Once I have an understanding of exactly what you need, I will be able to provide with a proposal to review.

I can be available anytime tomorrow morning.

Regards,

Kevin Post

Message Body:

I'm the Director for the Jackson County Parks and Recreation Department in Jackson County, NC and we are in the planning stage of an indoor pool and my county manager is looking for someone to put together a economic impact study for an indoor aquatics center. At your convenience could you email me back to let me know if this is something that you could do. I'm thinking along the lines of what you did for Buncombe County. Thank you for your time
