Thank you for putting this effort into having a strong audience for our presentation. Did you set a time for this meeting? Also, CuRvE members liked your reference to the river park project in the Sylva Herald article this week. We appreciate the interest and hope to be building more.
Anna

Anna, I am back in the office after being in Raleigh for the past week. Unfortunately, I am struggling to make contact with Wendy Cagle, Chair of the Business and Industry Advisory Committee, as she is on vacation until June 26th. I am confident that I can put 3 members (out of 7) of the committee together for your presentation on the 10th. I am hoping that Wendy will be available as she has a vested interest in the Cullowhee/WCU community.

I wish I could be more concrete at this point, yet I am challenged to do so.

Thank you Rich. Yes, we do want to reach out to Rusty and the Parks and Rec program. I know from a series of meetings that they had a year ago, that a Cullowhee River Park was written in on their survey multiple times. That and an indoor pool were among the most popular investments requested by Jax citizens.

We are all holding July 10 on our calendars. Please let us know as soon as you can as I don't want to lose anyone.
Thanks again.

Anna,

I spoke with Recreation Director Rusty Ellis briefly this morning regarding your project. We concur that it would be beneficial to have your group also speak to his advisory committee in similar fashion as to what we are planning with Business & Industry. The intent would be to provide a compelling reason for both groups to be supportive of your initiative, further enhancing the chances of thorough consideration from the Board of Commissioners in the future.

Rusty indicated that he would be in touch with you in coming days to discuss a possible future meeting of the recreation and CuRvE groups.

I am still awaiting confirmation from the Business and Industry chair regarding her availability for July 10th. I am traveling in Raleigh for the remainder of this week yet will be monitoring emails closely. I will advise just as soon as we confirm that date and time.

Regards,

Rich

Thanks Rich. I have asked Tom Tveidt to hold this date for the

presentation to your group. We are going to limit our group to the core folks involved. If we are successful with your group, will we be able to make our presentation to the Commissioners at their next work session? I think that Gerald told me that was on Monday, July 21 at 2 pm.

Will do so Rick and enjoy your trip.

Anna, I am awaiting confirmation from Wendy Cagle, Chair of the Jackson County Business and Industry advisory committee, as to her availability on the afternoon of July 10. She and two other members of that group will be our target audience for this particular presentation. I will attempt to confirm that date with you by lunchtime on Tuesday, June 10.

Rich...I'm leaving town tomorrow early morning. Please coordinate with Anna, copied on this message, about coordinating our meeting with your Committee, hopefully on the 10th. I am available sporadically by email when and if I check it.....

Thanks,
Rick Bennett
