What about an indoor pool for the community/rec center?
 What about an outdoor ice skating rink in Sylva in the Suntrust bank parking lot during the winter months to encourage recreation and create economic impact?
 What about trout sculptures/metal art along the existing greenway?
 What about more money to complete the Greenway to connect Sylva to Cullowhee or Dillsboro to Sylva? Partner with the Town to do this? The chamber is a 501c6 if you need that status. It's a 30 second to 3 minute video on your smart phone - maybe this is worth trying??

A Community Thrives

A Community Thrives is a nation-wide program, brought to you by USA TODAY NETWORK, which is funding great ideas in an effort to create real change in local communities.

If you have an idea on how to help your community, we encourage you to submit it now on act.usatoday.com. The idea should be centered around one of the following three categories – wellness, education, or arts & culture – and there will be three grants awarded per category (two \$50,000 grants and one \$100,000 grant).

Simply [upload a video](#) that explains your idea and how a grant would help. Don't worry, the videos don't have to be fancy! A simple smart phone recording will do. Ideas can be completely original or be an existing project that you would like to expand.

The submission period is open until March 1 at 11:59am EST. We look forward to your official submissions and thank you in advance for your work in the community!
