I have you on the agenda for March 12, 2019 work session. The purpose is to discuss with the Board what type of information they would like to get from a new survey. I have gotten questions from Commissioners about details of the 2013 survey data. So I have attached what I propose to put into the agenda packets. This is basically the executive summary of the public input process along with the actual survey data from the 2013 update. My plans are to briefly go over this information with the Board and then ascertain what other types of information they would like to receive from a new survey as it pertains to the indoor pool.

We need to discuss tomorrow how we could achieve a new survey (resources needed, methodology, so forth). We will also discuss the above plan to see if you have any other recommendations.

Oh yeah. I see this on my calendar now. Yeah I will need someone to attend that has knowledge of this process. I forgot it was spring break. Can Michael attend or has he taken off also? If can attend let me know. If he cannot then we need to discuss if there is someone else.
