Hi Diana - I don't have those figures but I'm cc'ing the city manager who can route your request to the right place.

Thanks
Julie

Dear Councilperson Mayfield,

Can you tell me how many hotels are in the pipeline in the city, either cleared for construction or already under construction? And also how many have been completed since 2016, please?

I called planning several times but they have not gotten back to me.

Thank you very much.

Kind regards,
Diana
