Hi,

Iâ€™m talking with UNCA about having the screening there. I will know more in a few days and Iâ€™ll let you know when we meet next week.

Thanks for checking and checking in. See you next week!

Diana

I know our director would like to first see the film prior to opening it to the public, but we also have a very small space to present films, maybe a max of 30 guests in one room. Let me check with him first before going any further, Diana. A good description of the film will help!

Thanks - Keith

Hi Keith,

How are you?

Thank you so much for hooking me up with Bryan. Heâ€™s super helpful and Iâ€™m looking forward to meeting you both on the 23rd.

Quick question, would you be interested in having the film shown at the center in December? Iâ€™m asking because Iâ€™m not getting the response I had hoped for with the local theaters, and maybe

it should be where Pisgah and Mitchell are?! Just a thoughtâ€¦â€¦

Thanks again, Keith.

Have a great weekend.

Diana
