Hi Polly,

Issue: I was asked to submit a request via the online portal. I don't want to do that, because it discloses the requester. I was then told I could use a third party. I don't want to do that, because I have no idea who the third party is. Unless the city can provide the statute that would require me to submit a record request through its portal, then I will assume this is a suitable way to submit a record request:

Under the **North Carolina Public Records Law, G.S. §132-1.**, I am requesting an opportunity to inspect or obtain copies of public records of the minutes of Mark Byrd's hearing before the Asheville Civil Service Board, which I believe took place on 11/19/14.

If there are any fees for searching or copying these records, please inform me if the cost will exceed \$1. However, I would also like to request a waiver of all fees in that the disclosure of the requested information is in the public interest and will contribute significantly to the public's understanding of how local government works.

The law requires that you respond to and fulfill this request "as promptly as possible." If you expect a significant delay in responding to and fulfilling this request, please contact me with information about when I might expect copies or the ability to inspect the requested records.

If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law.

Thank you for considering my request.

Sincerely,

Aaron
