Hello Aaron,

At the link you will find the contracts requested. Please note the original contract was for \$4,999.00 and there were two subsequent change orders due to an additional services billed, first to \$25,000.00 and subsequently to \$27,637.50.

Hi Ben,

Under the **North Carolina Public Records Law, G.S. §132-1**, I am requesting an opportunity to inspect or obtain copies of public records of any contracts between the City of Asheville and a "Third party investigator" hired to investigate complaints made against city employees, or complaints from a city employee over the time period of 11/17-5/3/18.

If there are any fees for searching or copying these records, please inform me if the cost will exceed \$1. However, I would also like to request a waiver of all fees in that the disclosure of the requested information is in the public interest and will contribute significantly to the public's understanding of how local government works. This information is not being sought for commercial purposes.

The law requires that you respond to and fulfill this request "as promptly as possible." If you expect a significant delay in responding to and fulfilling this request, please contact me with information about when I might expect copies or the ability to inspect the requested records.

If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law.

Thank you for considering my request.

Sincerely,

Aaron
