Subject: Alternative Compliance

Hi Lora,
I hope you all had a great Christmas and are still enjoying some time off together!!

FYI, I received an alternative compliance submittal for 35 Mineral Springs Road. The notification letter they submitted was the old one with the wrong meeting time and they used the wrong date as well. Their landscaping calculations were also incorrect so I have given them until noon on January 2nd to submit a corrected package. If they make it in, I'll run it up to you either Tuesday afternoon or Wednesday morning.

Thanks!
Jennifer
