Hi, Rebecca,

Dee asked me to reach out to you about The Real Asheville Initiative, The Social Determinants of Health Data Collection and analysis project that she and Delores started a while back. She said you were interested in it.

I have attached a doodle poll for setting a better meeting date and time. We had been meeting every other Saturday but now that the movement has grown, there are community folks we need to get to the table and Saturday morning was not working for them.

We are in the process of starting a Google Group so please let me know if you would like to be a part of that. I can also link you to our G Drive.
