Hey Lorie

When outgoing members are called down to be recognized, they will take their seats in the designated area of the boardroom.

I'm sure members can make a statement after Dr Shotwell present the award to them.

See you this evening!

Hello Mr. Huss. I hope your trip was a good one. I understand you stepped in and spoke to Mrs. Everhart regarding the Board Policy Committee. Mrs. Troutman had told me she would be more than happy to attend at 4:00-5:45 on the 11th. We have several policies to review and we will review the policy regarding the lice. I would like to invite Mrs. Barker, our lead nurse to discuss this policy as well as she is the most familiar with this policy and she has first hand knowledge as to how it plays out in our schools. We could start with that policy in order to allow her to be at the meeting right at

4:00.

With all of that being said, who have you selected/appointed to the Board Policy Committee? I would need to know who to send the information to. I can send it out to everyone as you had mentioned previously if that is what you prefer. Also, since we have several policies to review again due to a new committee, what policies are most important to you that we review that evening to ensure that I can present the revisions to the board for approval in February for a full vote?

Thank you and if you need to talk with me personally, regarding this, I will be in the office until 3:00. At 3:30 I have a meeting at RCHS. I will be in the office tomorrow. Thank you.

With Best Regards, Cindy

That is wonderful news. Here is a bit about our program and Advisory Council.

Project PRIDE (Personal Responsibility in Daily Endeavors) is a designated community action agency providing self-sufficiency services, such as educational and workforce services, to low-income residents of Caswell, Person and Rockingham counties. Our council is made up of low-income representatives, elected officials and private sector representatives. We meet quarterly and I update the council on program happenings, outcomes, and spending. Council members serve as a voice for the community, guiding services to meet community needs and updating staff on community events,

progress and continuing needs. We are currently awaiting a \$271,000 distribution of previously unavailable carryover funding from previous program years. Our council will help us determine the best use of these funds to serve the low-income residents of Caswell, Person, and Rockingham counties. We are currently seeking two elected official to fill Rockingham county slots and I hope that you might be interested or can recommend some potentially interested persons. I would love to speak with you over the phone to give you a little more detail at your convenience. I can be reached at the numbers below or give you a call at your convenience.

Thank you for your response. I agree. That is why we are saying the equity training is for all subgroups. We have achievement gaps throughout our many subgroups of students. I was just using our African-American subgroup as an example. The training does focus on all students.

We can share all subgroup performance at a future board meeting if you like. This may be helpful to understand that our schools have federal targeted performance goal objectives that are identified over a ten year period designed to decrease achievement gaps. That is why you may have noticed our schools identified specific subgroups to improve in their school improvement plans.

In my mind, I see our equity training as a reminder that we have students that represent many different cultures, backgrounds and experiences (like you named). The training helps us keep the focus on all students.

Thank you again for your response. I appreciate your input and feedback. I look forward to talking more about this in the future.

I hope you all have a great and rain free weekend!

Thank you for providing the information regarding the equity training. It is helpful to see the achievement gaps and it certainly demonstrates the need for appropriate attention. I am curious, however, in what we are doing to address achievement gaps in our Hispanic students, students who come from less educated families, our more impoverished students and our homeless students. When we talk about ALL students, I'm hoping we are truly looking at ALL students. Speaking for myself, I don't think this is an isolated issue for just African American students. I understand it's a starting point, but we need to be looking at ALL student growth and achievement.

Our Equity Training was named RCS GOAL: G.O.A.L. stands for Growth, Opportunity, Access, and Leadership. UNCG Professors are facilitating the training. The training is being conducted for central office directors, principals and assistant principals.

Participants have been divided into 2 Teams: Team Access and Team Opportunity. The purpose of the training is "To equip leaders with tools to provide access and opportunity for ALL students to grow."

UNCG has two teams of professors that are leading the training.

The training is offered in a half-day setting and it is repeated (once in the am and once in the pm) on training days. This ensures that schools do not have all administrators out of the building at the same time. No teachers or students are a part of this training.

UNCG Professors:

Dr. Jewel Cooper and Dr. Carl Lashley are one training team and Dr. Kimberly Kappler Hewitt and Dr. Annie Wimbish are the other trainers.

RCS Equity Team:

RCS has a committee that makes up the leadership team and has planned with UNCG to design the trainings. RCS members of the Equity Team include: Cindy Corcoran, Charles Perkins, Jonathan Craig, Dee Moyer, Stephanie Ellis, Gregg Slate, Erica Blackwell, and Ophelia Wright (former board member). The team asked the former Board Chair Mrs. Bell for a member to serve and Mrs. Wright's name was suggested and accepted in 2017.

This [linked folder](#) contains the training slides and materials that UNCG has used and other related materials.

The Board of Education approved the grant award on December 11, 2017 at the regular Board meeting as a part of the approval for Grants/Gifts and Donations. The Board approved the grant award 7-1. The grant is for \$35,200 from Reidsville Area Foundation with it being dispersed in 2 installments. The second installment was on the grants/gifts/donations list for approval at the December 12, 2018 board meeting.

Trainings have occurred on the following dates:

March 15, 2018

April 18, 2018

June 13, 2018

August 14, 2018

October 30, 2018

Future trainings:

January 17, 2019 (will be rescheduled due to this being a make-up student day)

March 26, 2019

Three additional trainings will be scheduled for the spring/summer as we planned for 10 total sessions.

Highlights

Highlights include activities such as the Skittles Game where groups were provided varying numbers of Skittles that represented money or resources and then each player pulled challenge cards and had to pay or use their Skittles based on the situation on the card. When someone ran out of Skittles they had to leave the game and sit in the corner. This was very eye opening to many administrators as they felt the isolation that poverty can have on individuals and how this is often compounded by race factors and other inequities.

We also have participated in a book study titled *Blind Spot: Hidden Biases of Good People*. The book stresses the importance of understanding one's background, cultural exposures, and attitudes create biases in all people. Understanding where these biases may exist can help all people better understand and relate to another person's beliefs and points of view.

Professional Development and Training

RCS participates in numerous professional developments and

trainings each month. These trainings have not been shared with the Board of Education members other than through access to the RCS District Meetings Calendar. We have not tried to hide the Equity Training; we are simply trying to address a need among our district.

If the board would like regular updates on district training, we could add this to our Board Agenda. As a district, 40% of our students identify as students of color. We are trying to be mindful of the needs of all students as we grow and learn together. This work begins with our district leadership.

NC State Board of Education

Just recently (November 2018), the State Board of Education has added to their Strategic Plan a focus on Equity. See link to the [November 2018 From the Boardroom Memo](#). Equity training will support efforts to close the achievement gaps in student performance, We are hopeful that our RCS Board will see this as a reason to continue supporting Equity Training in our district.

Other factors to consider:

Below are other factors that support equity training in our district. There are links to the NC Teacher Evaluation document that supports equity, links to the NC Teacher Code of Ethics, RCS Board Policy 1710, and other data points including achievement gap data based on last year's End of Grade and End of Course exams:

Good morning Ms. Bell,

I am so excited to hear that you may be interested in joining our Advisory Council.

Telamon Corporation's Project PRIDE is a designated community action agency providing self-sufficiency services, such as educational and workforce services, to low-income residents of Caswell, Person and Rockingham counties. Our council is made up of low-income representatives, elected officials and private sector representatives. We meet quarterly and I update the council on program happenings, outcomes, and spending. Council members also serve as a voice for the community, guiding services to meet community needs and updating staff on community events, progress on community development, and continuing needs. We are currently seeking two elected officials to fill

Rockingham county slots and I hope that you might be interested or can recommend some potentially interested persons. I would love to speak with you over the phone to give you a little more detail at your convenience. I can be reached at the numbers below or give you a call at your convenience.

Have a great rest of the day,

Good afternoon School Board Members Dr. Shotwell and Ms. Everhart:

I am writing as a followup to the 12/12/18 Board Meeting and the concerns that were expressed about the procedures and policies.

Regarding that followup I have attached three files: 1) an email reviewing the regular board meeting of 4/23/18, 2) a copy of the current 4/23/18 Agenda, The minutes of the last part of the 4/23/18 Meeting.

The policy and procedures for the 12/12/18 meeting did not violate board polices or procedures but I think that the meeting of 4/23/18 did and I am asking for the minutes and agenda to be corrected to record what actually did take place.

Stephanie,

You're an AWESOME leader! I can't believe the impact that you're making in this new crisis intervention initiative in the country and state!

You will surely be sought out by other experts because of the work you've done.

You have made very impressive presentations to the Board. I would suggest that you protect and publish some of your work.

Congratulations on your recent appointment and opportunities to share your expertise!

Thanks also for your kind words!

Learn a lot!!

Amanda

Hi Mrs. Bell!

I hope you are doing well! I appreciate you so much and all you do to support RCS!! Your advocacy, support, and love for our school district is so prevalent. I just appreciate you SO SO SO MUCH!

I thought I would email you - I saw your comment on Twitter about the RCS school psychologist! Leigh (who got the award this year- is from Wake Co) but I serve on the North Carolina School Psychologist Association Board with her! I did receive the National Association School Psychologist of the Year Award in 2016 (first time in 2016 that North Carolina school psychologist ever received this award)! Leigh is now the second person to receive this award from North Carolina (and she is from Wake). I just wanted to let you know that RCS was on the map- they did mention that Rockingham Co- NC was the first to receive the National Award too! :) It was awesome! North Carolina is doing great things to support mental health.

I am at this training this week for crisis intervention and crisis response. AS you know, I coordinate crisis response in our district. This training I am involved in - I am training to be a trainer in the state of NC. I had the most amazing thing happen this week at this training- the national author of the training has seen me do some crisis training in the state. She asked me if I would train with her in the fall to provide the only school crisis curriculum there is in the entire state - she asked me to co-present with her in the Fall for the state of North Carolina! Isn't that cool? They know our safety and crisis efforts have been a priority in Rockingham County! I was also asked to be the chair of the state North Carolina School Psychology Association School Safety Chair person too. I am so pumped.

I normally would not share this information about myself (I do not like to do that necessarily)-

but I just know you like to know these things and I wanted you to know this because you are someone I greatly admire and I have such an appreciation of your leadership and SO APPRECIATE your support and hard work for our school district. Your educational experience is so critical on our board now more than ever and I just appreciate you.

Thank you for always supporting us.

Take good care,
Stephanie
