David-

I think the difference on the chart is that we added a column that sums the rent and utility allowance to show a maximum rent with utilities included. If you see something else, I'd be happy to review with you. I would be very happy to speak with you tomorrow, and except for a lunch appointment, am currently available anytime.

Subject: Current affordable/workforce housing numbers

Hey Jeff,

In response to some reader questions about the affordable and workforce housing rates, I've circulated our article last year explaining those:

<http://ashevilleblade.com/?p=459>

But some of the numbers on that chart seem to be a bit different than those discussed at Tuesday's meeting. Please send me the current charts asap. Also, would you be willing to talk by phone briefly tomorrow about these rates and the city's efforts?

Best,
