Serious about ALPR, Serious about Service

Hi. I'm Ryan York, Regional Sales Manager for NDI Recognition Systems. I'd like to talk to you about license plate recognition, and how it can help you reduce crime, solve cases, and protect the public. If you'd like more information about any of the products we offer, contact me at r.york@ndi-rs.net, or call me at (407) 393-7662.

License plate recognition is a critical tool for law enforcement. An automatic license plate reader can scan hundreds of plates each hour, improving your agency's productivity, increasing **safety**, generating **critical intelligence**, and enhancing **revenue**.

CMPD sees crime drop

The Charlotte-Mecklenburg Police Department announced that crime declined almost 6% in 2013. Part of the credit goes to the department's Real Time Crime Center, which monitors more than 100 NDI-RS license plate recognition cameras. [More >>](#)

For more information about the CMPD's ALPR program, read this [case study](#).

Alabama Criminal Justice Information Center implements license plate recognition

The Alabama Criminal Justice Information Center (ACJIC) has implemented three fixed and two mobile automatic license plate recognition (ALPR) systems from NDI Recognition Systems. [More>>](#)
