Hey Chris, we have the same plate issue here in KY. No rules against back in parking yet here in downtown Lexington. Not sure about any of our Universities though.  
Please share any feedback you get.  
thanks!

**Subject:** [t2users] Head In Parking

Here at Lehigh we have begun to institute a "head in" only parking requirement and we are getting some static. Some complain that this is unsafe, cite studies to that effect; yet I have seen none. This is being done in anticipation of using LPR, and Pennsylvania vehicles only have rear plates. What do others do/think?
