Hi,

Hope you enjoyed the 2014 IPI Show as much as we did. Thank you for attending the show and possibly getting a glimpse of our products. If you didn't, the links below will give you an idea of what Came Americas Automation has available. Attached is a quick intro to our PSONe Parking System (Pay By Foot or Pay In Lane).

My name is Jimmy Hidalgo and I am the Engineering Manager at CAME Americas Automation. Since most of our product is project based configuration. I can help you specify any of our systems into any current design and build the project for you.

We're in the access automation and security industries and I have other products that may interest you in the future, such as:

Lighted Bollards

Fixed and Automatic Bollards (Security)

Energy Bollards

Video Entry Systems

Parking Systems

Swing/Slide Doors

Turnstiles

Barrier Gates

I can also provide a full presentation of our product line(s) to help answer all of your questions.

If you're available, I would like to set up a call so we can discuss any open opportunities. In the meantime, I have attached some information for your convenience. I can also send you some information via mail if you would like.
