Reduce crime and enhance revenue with license plate recognition!

Find out how at our FREE webinar!

REGISTER now!

Date: April 11, 2014
Time: 11 AM - 12 PM

Agencies in North Carolina are discovering how easy it is to take advantage of license plate recognition (LPR) solutions from **NDI Recognition Systems**. In fact, NDI-RS provides the LPR cameras used by the **Charlotte-Mecklenburg Police Department**, one of the largest law enforcement agencies in the eastern United States. For more information, see this case study.

LPR solutions help law enforcement by providing:

- Alerts for suspended licenses, stolen vehicles, and more
- Critical intelligence for ongoing investigations and crime analysis
- Monitoring and surveillance

To find out more about how LPR can help your agency, sign up for our **FREE** webinar and take the first step toward LPR today!
