Subject: Coordinated entry workgroup - rescheduling

Hi all,

I'm looking forward to our next quarterly CE workgroup! Sarah's been doing a lot of work on this and we're participating in a HUD TA workshop about prioritization and assessment, so we have a lot to talk about, and I'm excited to be getting all this in motion.

I need a bit more time to work through the TA content and will also be out of town this week so need to reschedule Thursday's meeting, and I'm sorry for the short notice. Can we meet immediately after either CAM in May? Those dates are **May 12** and **May 26**, and CAM is often short so I'd like to begin at 2:30 but hold meeting time until 4 p.m. to be sure we're able to get through the agenda.

Please let me know your availability for those two dates this week, and we'll confirm with a meeting invite for the option that the most people can participate in. My apologies again and thank you - I know CE has been clunky and I'm looking forward to making some good progress together over the coming months!
