Subject: Bus tickets

There was definitely a miscommunication on approved greyhound tickets. I see exactly how it happened. Jessie called Jacqui and said Emily approved purchase of bus tickets can you get one. Since Emily approved it Jacqui got the ticket(s) assuming it was approved for the city contract, not even thinking about it being from donations. At the end of Feb we had \$77 left from B.M donation for BCerts, ID'S, etc. The most recent bus ticket for 200ish isn't covered and we'll have to use 2 other donations Sunrise received to cover this. I just wanted everyone aware of the confusion and that we don't have any funds for anything outside the City contract at this time.

Thanks.
