

## Weekly Update

### WSIC and WAME

We talked about the AP Capstone Academy at WIHS. Ben Conklin, the school AP coordinator, did a great job describing the program and what parents and students needed to do to join. WAME this morning was about CTE-Career Technical Month. Tim Woody talked about the numerous programs we offer. We have the first and only Vet Tech program in the state.

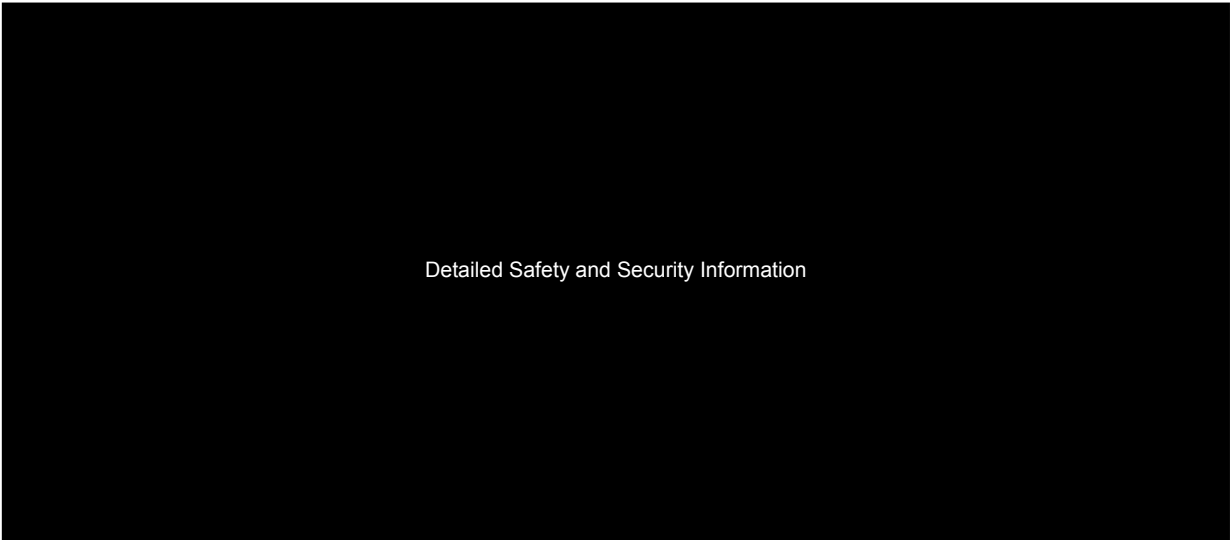

### Training and meetings

State Superintendent Truitt is visiting on February 7, 2023. Starting at CATS

February 8<sup>th</sup>, 2023, at CATS Center, Troutman, NC, some of the most common mistakes boards can make and how to work in unison to accomplish goals. Dean Shatley and Jim Watson/Dr. Hart will cover in-depth your role and where you are in the process of overseeing education. The superintendent as CEO versus the board with general oversight and how to work as a team to prevent unnecessary lawsuits, OCR claims, and EEOC claims. **We start at 8:30, and both breakfast and lunch will be served.**

### Security

We have contacted various vendors and districts in North Carolina and outside. Metal detectors are not effective as they hit on almost every item and make getting a large number of students in the building through, almost impossible. However, there are several ways to combat this. We are

Detailed Safety and Security Information

### CTE Grant

Tim Woody will talk about the current state, grant, and a few we are trying to get from Golden Leaf Foundation.

**Ontario Airlines**

The COO for Ontario lives in Iredell. He met with Master Sergeant Fisher at SIHS and me to discuss adding an aviation program at SIHS. I am awaiting the MOU form so the board attorney and I can review it.
